INDUSTRY DEVELOPMENT TRAINING SCHEDULE

2020

JAN - JUN

Information for learners

THE SERVICE TRADES COLLEGE

AUSTRALIA (RTO:31239) PTY LTD

The Industry Development Training (IDT) Schedule is produced for the benefit of the industry and identifies courses that students may wish to attend to start, to develop or broaden their careers in the plumbing industry. To achieve this IDT works with many provider Registered Training Organisations (RTO) who are registered to deliver one or more of the courses. The placement of a student on any course is determined based on various factors including course availability, course dates and RTO location. Any recommendation by IDT is only a recommendation and the learner must satisfy themselves as to the course suitability.

In addition, IDT attempts to identify funding sources, when available, to assist the student. If funding is identified, then IDT will organise the finance and invite the student to apply to the relevant RTO. The student will be enrolled by the RTO following their processes if the learner meets their entry requirements. IDT does not conduct the training and does not charge either the learner or the RTO a fee for the service it provides.

If an RTO is identified with a course in this schedule, then this is only an indication of a provider who is known to regularly provide this training and may not be the preferred option for any applicant. Where the student is required to pay some or all of the fees then they will not be required to pay more than \$1500 in advance at any one time.

			CATEGORY A	CATEGORY B	CATEGORY C
TRANSITION FROM INTERIM TO FULL GAS LICENCE					
I	Service Type A Gas Appliances (CPCPGS4022A – Service Type A gas appliances) This is an accredited five-day course that is one of the four Certificate IV units required to transition from an interim gas licence to a full gas licence in Queensland. This course covers current relevant legislation and content relating to Type A gas appliances in addition to offering both classroom and practical based learning. Specifically, it covers skills and knowledge required to diagnose and rectify faults whilst servicing and commissioning Type A gas appliances and their components. Assessments for this course are conducted in a practical and theoretical setting. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	Brisbane 8.00am – 4.30pm for five consecutive days Feb 24 – 28	0	1295	1795
I	Design and Size Consumer Gas Installations (CPCPGS4011C – Design and size consumer gas installations) This is an accredited three day course that is one of the four Certificate IV units required to transition from an interim Gas licence to a full Gas licence in Queensland. This unit of competency specifies the outcomes required to design, size and document a consumer’s gas installation, including consumer piping operating up to a pressure of 200kPa, fluing, ventilation and appliance installation associated with natural gas (NG), simulated natural gas (SNG), liquefied petroleum gas (LPG) and tempered liquefied petroleum gas (TLPG) for a building of minimum four floors and multiple buildings supplied through one gas source (billing meter or storage tank). It covers preparing for work, determining gas installation design requirements, detailed planning of the layout, and completing work finalisation processes, including records and documentation. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	Brisbane 8.00am – 4.30pm for three consecutive days Apr 1 – 3	0	969	1273
I	Estimate and Cost Work (CPCPCM4012A - Estimate and Cost Work) This is an accredited two day course that is one of the four Certificate IV units required to transition from an interim Gas licence to a full Gas licence in Queensland. This course covers current relevant legislation and content relating to estimating and costing work, in addition to offering classroom-based learning. Specifically, it covers the outcomes required to estimate materials, labour and time requirements and the requirements to establish costs for the provision of services and/or products. It covers the gaining of information, the estimation of materials and time, the calculation of costs and the associated documentation. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	Brisbane 8.00am – 4.30pm for two consecutive days Jan 13 – 14	0	648	844
I	Carry Out Work-Based Risk Control (CPCPCM4011A - Carry out work-based risk control processes) This is an accredited two-day course that is one of the four Certificate IV units required to transition from an interim Gas licence to a full Gas licence in Queensland. This unit of competency covers current relevant legislation relating to work-based risk control processes and practices in addition to offering classroom based learning. Specifically, it covers the outcomes required to carry out work-based risk control processes. It covers the identification of hazards, the assessment of risk, the identification of unacceptable risk and the determination, preparation and completion of a course of action. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	Brisbane 8.00am – 4.30pm for two consecutive days May 6 – 7	0	648	844

Workplace safety is crucial.

Nothing is more important than making it home in one piece at the end of the working day.

COURSE		TIME DATES	COSTS		
			CATEGORY A	CATEGORY B	CATEGORY C
ACCREDITED COURSE REQUIRED TO OBTAIN A QBCC TRADE CONTRACTOR LICENCE					
I	Small Business Legal and Risk Management (BSBSMB401 – Establish legal and risk management requirements for small business) This is an online course for all plumbers and contractors who wish to obtain a QBCC Trade Contractor Licence. Furthermore, this course is also one of the mandatory Certificate IV competencies required to obtain a Queensland Plumbing and Drainage Contractors Licence. This course covers current legislation and best practice relating to the legal requirements required to identify and comply with all regulations affecting a business. Specifically, it covers the skills and knowledge required to identify and comply with the regulatory, legal, taxation and insurance requirements, and risk management needs of small business. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	This course is delivered online and is self-paced. Students will be given 3 months to complete the course. <i>NOTE: A Webcam is required to participate in the course</i>	0	480	580
	NON-ACCREDITED COURSE				
I	Plumbing Legislation This is a non-accredited one day course that will enable plumbers to demonstrate their knowledge of the current Queensland Plumbing and Drainage Legislation. It will review the different acts, regulations, codes and standards associated within the plumbing industry. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	Brisbane 8.00am – 2.30pm for one day Apr 8	0	350	450
I	Introduction to Legionella Management in Building Water Systems The introduction of Legionella Management in the Building Water Systems course has been designed for Facility Managers, Maintenance Workers, Plumbers and Apprentices to further their knowledge about the Legionella risk in water systems within buildings. It approaches the subject of water safety and hygiene with a holistic perspective incorporating microbial, physical and chemical risks and practices associated with water distribution systems within buildings. It will provide you with a broad knowledge of the technical requirements and provide practical advice for the control of waterborne pathogens and the national enHealth guidelines for Legionella control. Provider RTO: 30473 Master Plumbers Association of Queensland or to be determined and student advised before enrolment	Brisbane 8.00am – 4.30pm for one day Feb 20 Apr 23	0	380	590
I	Poly Welding (PMBWELD302B – Electrofusion weld polyethylene pipelines) (PMBWELD301B – Butt weld polyethylene plastic pipelines) This program covers butt welding and the electrofusion welding of polyethylene plastic pipe and pipeline components under industrial conditions (field and factory), applicants will be issued with a Statement of Attainment (SOA) and wallet-sized plastic competency card. Provider RTO: 4612 CEPUTEC Plumbing Technical Education Centre (Queensland Branch) or to be determined and student advised before enrolment	Brisbane 7.00am – 3.00pm for one day Feb 27 May 26 Brisbane (Night) 3.00pm – 7.00pm for two nights Feb 4 - 5	0	600	800
O	First Aid – HLTAID003 (HLTAID001 – Provide cardiopulmonary resuscitation (CPR)) (HLTAID002 – First aid) One day program that trains participants on the critical elements of initial response to an emergency in a range of settings. This is a practical, hands on course. Note: HLTAID001 CPR is valid for twelve months on completion of training. Refresher training requires only half day attendance. Please contact the STC training representative for availability and dates for refresher training. HLTAID003 First aid is valid for 3 years on completion of training. Participants will also be required to undertake practical training and assessments at floor level. This includes demonstrating CPR on a manikin for a period of two minutes. If you have poor mobility or a current injury, please discuss this with us prior to booking. Participants under the age of 18 are required to provide a consent form completed by their legal guardian. Applicants will be issued with a Statement of Attainment (SOA) and wallet-sized plastic competency card. Provider RTO: 4612 CEPUTEC Plumbing Technical Education Centre (Queensland Branch) or to be determined and student advised before enrolment	Brisbane 7.00am – 3.00pm for one day Feb 13 Mar 5, 11, 26 Apr 23 Jun 4	0	130	175

If you wish to undertake any of the training courses outlined in this calendar regionally, please contact the IDT Training Coordinator at the Service Trades College.

CSQ funding cycle is 1st October to 30th September the following year. There is a limit to the amount of funding provided to providers of CSQ funded courses and this does run out prior to the completion of a funding cycle. There will be a new funding cycle commence in October of this calendar dates. Please contact the IDT Co-ordinator to see if the course you wish to attend has funding still available prior to commencement of training. TSTCA will not be held responsible for the cost of training if CSQ funding assistance is not available when you complete training with any of the affiliated providers.

FIT Course Subsidies

As a Construction Skills Queensland (CSQ) registered training supplier, we provide training that is supported by CSQ funding. This subsidy program is a Construction Skills Queensland initiative. Below is a list of the short course codes and titles and the maximum funding amount available to eligible participants. Funding is available between 1st October 2019 until 30 September 2020.

Short Course Code and Title	General Short Course Funding	Apprentice Advanced Plus-Short Courses
CPCPFS4021A - Commission domestic and residential fire suppression sprinkler systems	\$150.00	\$187.50
CPCPFS4024A - Design residential and domestic fire sprinkler systems.	\$480.00	\$600.00

MPAQ Course Subsidies

Construction Skills Queensland (CSQ) is an independent industry funded body supporting employers, workers, apprentices and career seekers in the building and construction industry. Below is a list of short course codes and titles and the maximum funding amount available to eligible participants. Funding is available between 1st October 2019 until 30 September 2020.

Short Course Code and Title	General Short Course Funding	Apprentice Advanced Plus-Short Courses
BSBSMB401 - Establish Legal and Risk Management Requirements of Small Business	\$360.00	450.00
CPCPCM4012A - Estimate and Cost Work	\$180.00	\$225.00
CPCPGS4011C - Design and Size Consumer Gas Installations	\$480.00	\$600.00
CPCPGS4022A - Service Type A Gas Appliances	\$750.00	\$937.50
CPCPWT4022A - Commission and Maintain Backflow Prevention Devices	\$150.00	\$187.50
CPCPWT4023A - Commission and Maintain Hot & Heated Water Temperature Control Devices	\$150.00	\$187.50
QLD334SWH01A - Evaluate and plan the installation of solar water heating systems	\$180.00	\$225.00
CMBPDRV001 - Revalidation Course Commission and Maintain Backflow Prevention Devices (Non-Accredited)	\$80.00	\$100.00
LMBWS1 - Legionella Management in Building Water Systems	\$200.00	\$250.00

CEPUTEC Course Subsidies

Construction Skills Queensland (CSQ) is an independent industry funded body supporting employers, workers, apprentices and career seekers in the building and construction industry. Below is a list of short course codes and titles and the maximum funding amount available to eligible participants. Funding is available between 1st October 2019 until 30 September 2020.

Short Course Code and Title	Max. Amount Funded per Participant		
	General Short Course Funding	Civil Short Course Funding	Apprentice Advanced Plus-Short Courses
RIIHAN301D - Operate Elevating Work Platform		\$180.00	\$225.00
TLID3035 - Operate a Boom Type Elevating Work Platform	\$180.00		\$225.00
TLID3035 Operate a boom type elevated working platform and RIIHAN301D Operate elevating work platform	\$180.00	\$180.00	\$450.00
RIIWHS204D – Work Safely at Heights		\$225.00	\$281.35

CPCCWHS1001 Prepare to work safely in the construction industry	\$70.00		\$87.50

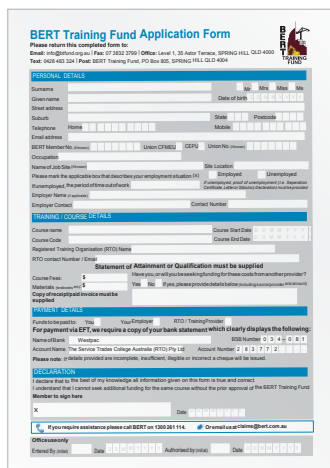

TSTCA Course Subsidies

A list of Higher-level skills initiatives available through the 30903QLD Certificate IV in Fire Systems Compliance. Funding will only be available if you enrol before 1st October 2019 and complete the qualification by 30th September 2021.

Higher Level Course Stream	Max. Amount Funded per Participant
Hydrants, Hose Reels Sprinklers and Pump-sets (HHRPS)	\$1,782
Fire Fighting Appliances (FFA)	\$1,458
Passive Fire Equipment (PFE)	\$1,134
Fire Detection Systems (FDS)	\$1,458

The three forms displayed here are important when applying to TSTCA for training, especially if you are applying for BTF funding to cover the full cost of training.

The BERT Worker Grant Application form is available from the IDT Coordinator or from www.btfund.org.au.
 Please note: Your eligibility will need to be determined.

Training will not be booked until the two forms displayed here are supplied completed to the IDT Coordinator. BTF and STQ checks will be conducted utilising the information supplied on the forms. There may be other enrolment and funding forms (CSQ Funding) to be completed for the relevant RTO that will be conducting the training.

More information on CSQ eligibility criteria can be found at the CSQ website www.csq.com.au

Dates advertised in this calendar were valid at the time of printing. TSTCA cannot be held responsible for any date changes or cancellations of training.

Group bookings are possible, as well as onsite training for group bookings, please liaise with the STC IDT Coordinator for this extended service.

Terms and Conditions

- An administration fee of \$200 will apply to all Category A registrations if the participant fails to attend training in line with the cancellation policy.
- Course dates and locations are subject to change.
- Eligibility for subsidised rates is at the discretion of STC.
- Subsidised training is only available for courses booked through STC.
- Course codes and titles are correct at the time of printing. These may change due to training package enhancements.
- Depending on availability and course location the Provider RTO listed may not be the course deliverer. Students will be advised of who the Provider RTO is closer to the course date.

Privacy Policy

We will not sell, distribute or lease your personal information to third parties unless we have your permission or are required to do so by law. We will only share this information with the Registered Training Organisation undertaking your training. You may request details of your personal information which we hold about you under the Data Protection Act 1988. If you would like a copy of your information, please contact info@theservicetradescollege.com.au.

If you believe that any of your information is incorrect or incomplete, please contact us immediately, at the above address. For more information on our privacy policy please visit www.theservicetradescollege.com.au.

General Cancellation/Refund Policy

STC reserves the right to cancel courses for which a full refund will be given.

At the time of enrolment, a \$200 preauthorisation credit card hold will be transacted. The student must provide appropriate credit card details. If the student fails to attend the course without giving 5 days' notice in writing to info@tstca.com.au a charge of up to \$200 will be levied. Entirely at STC's discretion, this may be waived if a valid reason for non-attendance is given.

Substitutions are acceptable but you must advise Service Trades College in writing to info@tstca.com.au before the course commences. Please refer to the Student Handbook for full Cancellation/Refund Policy details.
